**Walk Five: A short walk from High Bank Lane to a viewpoint in the woods**

# Walk Five: High Bank Lane

**You can park in the layby just passed the golf club as you go up Moor Head Lane and onto High Bank Lane. Walk down the hill and enter the park through the trees next to the golf club. Walk through the trees to the bench and notice board where this walk starts.**

**This is a fairly flat walk with one small slope which can be slippery in wet weather. It takes about 10 minutes.**

1. From the notice board and bench you have lovely views across to Baildon Moor. Start to walk down the tarmac path; soon you have a small copse on your left and in May the bluebells will be out in the woods on your right.
2. At the end of the trees on your left is a bench; turn right here, down a little grassy slope and across the edge of the flower meadow into the woods. It can be a little muddy as you go into the woods.
3. Turn right onto the main woodland path and walk along for a couple of minutes; to your left a small path appears and you can see a bench a few yards from the main path.
4. Go to the bench and you will have views across Northcliffe Woods towards Heaton.
5. Retrace your steps to the main path, and continue left. The path takes you back to the bench and notice board.
